

# **REPORT TO NZAP AGM, MARCH 2019**

## **Bay of Plenty/Waikato Branch**

Despite being a very small branch, we continue to meet monthly for breakfast where we catch up, share clinical ideas, readings and highlight some key social issues that impact our clients and our community. Many of us have reduced our practice as we are an older group and as we look to the near future for retirement/next phase of our lives as with many of our older clients. We are looking forward to some new members joining us and sharing their energy and knowledge.

Sue Harris  
Convenor
