

BEGINNING THE WEEK WITH FREUD

We are proposing to read *The Standard Edition of the Complete Psychological Works* of Sigmund Freud from beginning to end (excluding the index) and wish to invite NZAP members to join us.

The format will be as follows:

- The reading group is open but with notice.
- We will meet on Zoom.
- Access to the *Standard Edition* is required.
- The reading will begin at 7:10 am NZT each Monday (excluding NZ public holidays) for fifty minutes.
- There will be ten minutes at the end to reflect on the reading.
- We will take it in turns to read aloud a page at a time, to the nearest full stop.
- A secondary reader will read the footnotes in full.
- Reading is voluntary but encouraged.
- Readers will be rostered from the list of people attending previous Mondays.
- There may be pause for some discussion but the primary intention is to read the text.
- The hope is to complete reading all twenty-three volumes in about two years.
- The group is open nationally and internationally.
- We will limit numbers to forty-nine to fit on one Zoom screen.

We are aiming to begin on 3 May.
