The majority of people requesting student application forms in the last period have come from the Wellington Transactional Analysis course; it appears that the Directors of Training have done an excellent job of promoting NZAP.

#### **NZAP Noticeboard email list**

The new email list has 327 members on it, as at 19 March. Almost half of the list is non-members, most of whom had previously asked to be informed of NZAP conferences and professional development events, though I have also had some requests from additional non-members who have heard about the list since it was set up.
